Git

HTML/CSS

SQL

C++

C#

CAREER OBJECTIVE

I am a sophomore currently attending school at Rowan College of South Jersey (RCSJ) for Computer Science. After I graduate RCSJ with my associates degree in Computer Science, I plan on attending Rowan University for my last two years of schooling. I am currently learning as much as I can and would love an opportunity to learn more or show off what I have learned thus far.

WORK EXPERIENCE

College Help Programming Paid Internship

USLi / July 2020 - current / Wayne, PA

- Given the amazing opportunity to be a part of a programming team.
- Learned a wide variety of programming languages/tools (C#, HTML, CSS, JavaScript, SQL).
- Performed tasks under experienced developers in a SCRUM/Agile environment.
- Debugged issues in Visual Studios.

Technology Instructor

Lavner Camps / June 2019 - September 2019 / Cherry Hill, NJ

- Granted the opportunity to teach children to code in applications such as python, C++, and scratch.
- Demonstrated editing software, graphic design, and YouTube skills to children.
- Taught the very basics in each program and had a great time learning about technology that I am passionate about.

Technology Aid

Kingsway Regional High School / June 2018 - September 2018

- Set up every computer and projector in school.
- Opened desktops up and fixed any issues with software.
